## WORLD TRUST FOR CHILDREN & KINGS SCHOOLS

NEWSLETTER FOR THE MONTH OF DECEMBER, 2022

## CHRISTMAS CELEBRATION

Christmas Day was celebrated in AK Hall on Friday 23rd December, 2022. Students, both from the Matric and the CBSE schools took part and enacted a beautiful skit describing the birth of child Jesus in a spectacular way. The characters for the skit were aptly selected and trained well to present their dialogues in a natural way. Special dances and choir performances added grace and vibrancy to the skit. The Stage backdrop setting was made appropriately to resemble actual setting of the holy Bible. Our honourable correspondent, with his better half, daughters, and granddaughter graced the celebration and offered congratulatory and complimentary messages for the student. He lit the Christmas candles and delivered the Christmas day message to the gathering with love and devotion. Besides appreciating students, especially the participants of skit, dance and choir team, he conveyed the Christmas and New Year greetings from Uncle Colin to the gathering which made everyone feel delighted and excited. Earlier, the gathering was welcomed by the Principal of Matric, Mr Anantha Sam and the CBSE school principal Dr Sahaya Mary delivered the Christmas day special address. In the end, Christmas wishes were exchanged with one another with love.

# CAREER GUIDANCE PROGRAMME

“Take these nests of sparrows and save the endangered species, dear students”, said Mr ANBU VANNAN, the eminent guest-speaker who started the Career- Guidance session compassionately, for the class 10 students of both Matric and CBSE schools in the Burden Centre on Thursday, December 1.

Addressing 102 students, class 10, he differentiated the meanings of heroes and super heroes, work, job and career, government jobs, private jobs and entrepreneurship, linguistic potentiality, analytical potentiality, logical potentiality, spatial potentiality, the society of real people and society of fake friends on social media, employer, and employee and so on.

He highlighted the importance of students’ listening to the advice of teachers, following textbooks, exam kits, exam preparations, things to do after examinations, the connection between habits, hobbies, passions careers, success and so on.

With the objective of career guidance in the mind and with the aid of multiple slides, thoughts and words, he, called upon the students to have big dreams, big goals and big mental pictures understanding diverse career options in Army, Navy, Air force, Paramilitary, UPSC, TNPSC, medicine, engineering and plethora of creative jobs in India and overseas. In brief, exceptionally, authoritatively, emphatically, intellectually and meticulously, the invited guest speaker opened the eyes, ears, minds and hearts of students with his brilliant career guidance session that was filled with fun, vibrant interactions, thought provoking activities, unorthodox queries, followed by brilliant explanations and solutions at length and depth.

Finally, he made the students feel that it was a wonderful session that offered them a clear direction/redirection to go where they need to go in their careers and life with big dreams, strong positivity, vibrant motivation, resilience, fortitude, persistence, rare clarity unquenchable thirst, desire and indomitable spirit. The career guidance programme, undoubtedly, met the objective for why it was organised for the class 10 students at that juncture.

# CAREER GUIDANCE PROGRAMME

A career guidance programme was conducted on Friday, December 2, 2022 in the Burden Centre for the students of class 12 by a team of three eminent professors of PSN college of Engineering namely Dr G.Nalla Sivam, Prof. A. Kasi Vishvanathan, Prof. K Sundarajan from the Department of Computer Science, Aeronautical engineering and MBA respectively.

As many as 108 students took part in it and they found it beneficial to understand multiple courses, colleges, universities, jobs in demand, the skills to develop, entrance exams to clear, scholarships available in India and abroad etc.

Addressing the students, Dr G. Nalla sivam began his session with slides, highlighted the importance of goal setting and group -wise career prospects. First, he focused on PCM group students, the multiple engineering courses and related entrance exams followed by B.Sc nautical science, marine engineering and railway apprentice exam, commercial pilot and best colleges in the field of engineering and other streams. Secondly, he focused PCB group students, starting with MBBS, BDS, pharmacy, microbiology, forensic science, bio technology and genetic courses. At the end, he listed different kinds of arts and science streams.

In the second session, Prof. Kasi Vishwanathan, Department of Aeronautical Engineering, addressed the students by sharing information of planes, jets, engines, fuels, cost, employment opportunities, entrance exams, salary norms, rocket launchers, scholarships and eligibility criteria. Further, he mentioned state and central universities and the process and procedures related to aeronautical engineering.

Next, prof. K Sundarajan, Head of MBA empowered the students with his insights and experience on business administration. He motivated the students profusely.

# TEACHERS EMPOWERMENT PROGRAMME

## CAROL SINGING COMPETITION

On Friday, December 2, 2022, a team of 15 students from class 6 to 12 participated in the SILVER BELLS 2022, an Inter-school Carol fest which was held at Johns Central School, Anjugramam. Various schools students across Tirunelveli participated in the competition with a great enthusiasm and zeal. In the fest, our choir-students sang with a deep passion, involvement and confidence that echoed the spirit of Christmas. With their spirited and ignited singing, they almost won the competition but they missed winning the prizes narrowly as the competition was tough and neck to neck. However, their burning desire, unquenchable thirst, and fighting spirit is alive, appreciable, praiseworthy and complimentary.

An inter-ward Christmas Carol Singing competition, themed Panivizhum Iravil 2022, was organised for the Parishioners of St Our Lady of Snow church in T. Kallikulam on Sunday December 11, 2022. Our school students from junior and senior level participated in it. Triumphantly, our senior students bagged the 3rd prize with a cash award of Rs. 3000 amidst the cheers and acclamation of judges, spectators and fellow participants from various schools and colleges. Our junior students, though they narrowly missed the prizes despite valiant efforts, finished receiving consolidation prizes. The competition was judged by musicians with sound knowledge and they complimented our students for their clean -singing, composure, costume, coordination, demeanour, spirit, clarity of voice and music.

## **“HOW TO COPE UP WITH SLOW LEARNERS?”**

**“All students can learn and succeed but not in the same way and not in the same day”**

As a part of the Teachers' Empowerment Programme, Mrs.Chandra , Head, Junior and Middle school, gave an orientation on “How to cope up with slow – learners ” on November 27, 2022 from 4 p.m. to 5.15 p.m. Teachers of Junior and Middle schools took part in it and felt benefited. She started the session with the definition of slow learners and how they would exhibit varying behaviour patterns than the other kind of learners is the objective of the session. She elucidated about various teaching methodologies and approaches which could benefit the slow learners without affecting the other types of learners. Additionally, she recalled and shared her personal experiences with the teachers in the field of teaching and demonstrated multiple ways to make the class more interesting. Further, she stressed upon the importance of teachers' reading and drilling which could help the slow learners immeasurably.

At the end, the session was found amazing and helpful to teachers to acquire great knowledge of coping up with slow- learners and empowering them.

# THE 138<sup>th</sup> BIRTH ANNIVERSARY CELEBRATIONS OF MAHAKAVI BHARATHI

Inspiring by the thoughts, words, deeds, quotes, poems, ideals, principles, Indian independence activities and social reformation measures of Subramania Bharathi, fondly known as the Mahakavi Bharathi, our students of class 6 A, commemorated and celebrated the 138th Birth Anniversary of him on the cool, pleasant, beautiful Friday morning of December 9, 2022, in the AK Hall in the presence of principal, teachers and students. Interestingly, with songs, lyrics, skit, proverbs and fierce dialogues of Bharathi, the students demonstrated his significant contributions against social evils viz. child-marriages, superstitions, caste systems, women's suppressions and religious oppressions in society, then. Apart from featuring photographs, the students remembered Bharathis' life and various events. Above all, with reverence, they, clad in the costume of Bharathi, paid a rich tribute to him. The celebration ended not before, the students glorifying him as one of the greatest Tamizh literary figures of all time, which is a beautiful testimony for him as a revolutionary Tamizh poet, a tireless reformist and a passionate patriot.

## SPORTS CAMP

Kings School conducted X-mas residential camp for boys and girls for the Under – 12 to Under-17 category in Basketball and Swimming from 27 – 30 December. Twenty-one boys and twelve girls participated with full enthusiasm. They had four sessions over the day. The session seemed to be useful to the students who were trained to participate for further competitions.

## DRAWING COMPETITION

A drawing competition was organised on Saturday December 10, 2022 for the students of class VI- IX. The young learners displayed their artistic skills through their pictures on the topic 'Cartoon' and 'Still life'. The students expressed their views and thoughts through their beautifully drawn pictures. One could see and feel the enthusiasm that the students had in their presentation. It was helpful to explore and encourage creativity in students and offer them a platform to showcase their skills. It inspired them to think and work creatively. Creativity, originality, neatness and colouring were the criteria in which performances of the students had been judged.

## INVITATION MAKING & JEWEL MAKING COMPETITION

The blending of exceptional creativity and imagination was displayed by the students of class 1 to 5 during the Invitation card and Jewel Making Competition held on 10 December. It was a wonderful sight to witness the creation of children in full bloom. They made beautiful ornaments using paper quelling, foil paper, newspaper, beads, ribbon and colourful threads etc. They used attractive colours to make various designs elegant and appealing. All the students used their artistic skills while making the invitation cards for the family members and friends. Through the cards –making exercise, the students showed their love and gratitude for their loved ones. All the cards and jewels were displayed in their respective classes.

# MATHEMATICS EXPO 2022

Kings school organised the Mathematics exhibition on 15 December 2022 for the classes I to VIII, IX and XI. The exhibition was inaugurated with the presence of honourable Correspondent and the Principals of both schools (Matric, CBSE), Deputy Principal, Section Head of Junior and Senior Block, ACS, HOD (Maths), teachers and the parents. It was a marvellous start. The parents and other dignitaries started visiting the classrooms.

Interestingly, Class I to III students exhibited their projects and models based on addition, subtraction, multiplication, division, fractions, and they also showcased their calendar for the next year.

Surprisingly, Class IV students' projects were based on the application of the mathematics in our daily life such as in grocery shop, bank, tailor shop and using an atm. Class V showcased their projects on fractions, angles, and number systems. Class VI to VIII students' exhibits based on symmetry, area, perimeter and various properties.

Further, Icing on the cake was the special song sung by the children in all the primary classes especially related to mathematical concepts. Each child in every class was dressed up as a mathematician and introduced themselves to the parents in an elegant way. All the classes had game corners where the children and the parents were so excited to find out the answers. The classroom bulletin boards were clearly updated with the mathematical concept of the particular class and with puzzles. Above all, the parents were very happy knowing that the children have done all the models and the projects. Our Maths Expo showcased not only the mathematical concepts but also the unity, togetherness, cooperative and collaborative work among the teachers as well as the students.

Finally, altogether, we proved that the children of KINGS are truly unique and special in their own creative ideas. Happiness was bloomed out on the faces of the parents, teachers, and the children by the end of our Maths Expo.
